FIFTIETH YEAR NO. 1.

CEDARVILLE, OHIO, FRIDAY, DECEMBER 17, 1926

PRICE, \$1.50 A YEAR

CEDARVILLE ON THE NEW U. S. HIGHWAY ROUTE

Cedarville is on the newly selected United States Route No. 42 which is destined to be one of Ohio's most used motor trails. The trail crosses Ohio from Cincinnati to Cleveland and is the most direct route between these two important points.

The route enters Ohio at Cincinnati from the South, passes through Lebanon, Xenia, Cedarville, London, Plain City, Delaware, Mt. Gilead, Mansfield, Medina and on to Cleveland. It will be seen that this route follows state route 28 from Cincinnati to London and then branches to the north-east, missing Columbus.

The Joint Board of Interstate Highway, composed of representatives of the several States Highway Departments and the U. S. Bureau of Public Roads, has designated a number of transcontinental highways as United States highways, each of which is to bear one number throughout its length. Ohio is traversed by fifteen of these United States Highways.

These highways will be marked with U. S. markers so that the motorist can follow the route. In many places over Ohio the state route numbers will be changed to conform to the U. S. numbers.

The Cincinnati-Cleveland route is one that should benefit Cedarville, it means that motorists will be routed by the federal and state government as well as the various automobile clubs this way.

The Cincinnati pike improvement at Spring Valley is now open for the winter but will be closed next spring for probably three weeks to complete the work. Likewise the Columbus pike improvement near Selma. This opens the road for the winter. Both of these stretches have been closed for several months.

Pack Your Christmas Gifts With Care

Extreme care should be taken in preparing your Christmas packages for the mail. This precaution is not alone of benefit to the department but insures safe delivery. Submit your packages to the postmaster for approval if uncertain.

Mail only for the longer mailing is desired the more carefully the mail and the more uncertain will be delivery. Parcels for distant points should go out this week.

Write the name plainly one or more places on the package. For precaution insure your parcels. The cost is not great and gives you protection in loss.

Postmistress Stormont will be pleased to give you advice if you ask for it.

Benzol Not Subject To Gas Tax

When Benzol is compounded with gasoline as a motor fuel, benzol is not subject to the Ohio motor fuel tax according to a decision of the Ohio Supreme Court, Tuesday. By this decision the Caldwell and Taylor Company, blenders of this fuel, escape a judgment of more than \$50,000 that the state had obtained in a Franklin county court. The company had paid the tax on the gasoline used but refused to pay on the benzol.

THEATRE NOTES

With the coming "Vaudeville Centennial" and the celebration of this noted event all over the United States by leading vaudeville theatres; Gus Sun, a pioneer in the theatrical business and foremost in the ranks of theatrical men who have popularized vaudeville, has arranged some of the finest vaudeville programs that have ever been seen at the Sun's Regent Theatre, Springfield.

The forerunner of these exceptional vaudeville bills will be given its premier starting at the Monday Matinee week of December 27th, or New Year's week. A "Grand New Year Festival of Vaudeville" would be the appropriate way of describing the fine Vaudeville show that has been booked for New Year's Week, in commemoration of "Centennial Week".

Mr. Sun in speaking of the special arrangement in the bookings of vaudeville shows, starting "Centennial Week" says, "We are going to give Springfield and vicinity the finest vaudeville they have ever seen, and by the way we are not letting down one bit with our picture program."

High class first run photoplays will be screened in conjunction with the exceptional vaudeville bills and the Regent Concert orchestra is preparing special musical scores and special dances to be played with these photoplays. All these "Grand Centennial" programs will be given Sun's Christmas Gift to the theatre fans starting the week of December 27th, "Centennial Week".

Brand Advocates Corn For Sugar Supply

Congressman Charles Brand at a meeting of the Ohio Grange in Dayton, Tuesday, advocated the manufacture of corn into sugar to provide a market for our surplus corn crop in this country.

He stated that we had a surplus of 181,000,000 bushels of corn and that corn products were being furnished to the world for less than the cost of production. Out of every bushel of corn 27 pounds of sugar can be manufactured. That product is three-fourths as sweet as the sugar made from the regular cane.

He stated that the Greek government more than 25 years ago had introduced this method of protecting the current growers. Brazil did likewise for the coffee market and England for the rubber industry.

It was brought out at the Grange meeting that the export debenture plan was the soundest proposition that had been proposed along the line of farm relief.

It was argued that the primary was a safe guard for the people and instead of abandoning it, it should be strengthened. The Grange opposed a state tax levy because of unfair tax valuations.

T. L. Calvert Gets State House Job

The Republican members of the Ohio House of Representatives met in Columbus Tuesday and selected O. C. Gray, Harrison county banker, as speaker of the next House. He was named on the second ballot. In the make-up of the other officials T. L. Calvert, Selma, was chosen as Third Assistant Sergeant-at-Arms, a position he has held for several years.

BUY CHRISTMAS SEALS TO AID IN HEALTH FIGHT

The Sale of Christmas Seals means something to every community and to each citizen. It is devoted to health work. Boost the sales for this town.

The sales have grown from year to year. From \$5,000 in 1907, the sale grew to \$300,000 in 1910; to \$5,000,000 in 1915. To \$47,750,000 in 1925. For one cent each year can aid the fight against tuberculosis. With the seals raised by the sale of seals there have been provided hundreds of sanatoria where those ill with the disease may receive care; preventoria where the children who have been to the disease may be built up to resist its attack; nurses to care for patients; clinics where examination and advice is given to thousands of people free. You are aiding a wonderful cause in the purchase of these little seals.

How To Get Corn Huskers You Need

Why worry about corn huskers? Here's how you can get 'em!

John Schorr, farmer near Lancaster, farmer, ran an advertisement, "corn huskers wanted" but received no response. Saturday he added a line "free cider, all you can drink," with the result that he employed 10 immediately after, and had a waiting list of 20 more.

A. E. RICHARDS IDENTIFIES HOLDUP MAN; IN JAIL

A. E. Richards was called to Springfield last Friday to see if he could identify the fellow that attempted to hold him up in his store two weeks previous. The sheriff in that county had made a clean up of suspicious characters and ran into a nest of six men that had been organized for the hold-up business.

When Mr. Richards was taken into the jail he was asked to pick out his man from six that were brought before him. He was unable to do so.

As other prisoners were called out the second man to appear was readily chosen as the guilty chap. He had no trouble in making his decision.

Mr. Richards was informed that the sheriff had nine charges filed against this man that would keep him in prison for a long time, probably fifteen years. He had attempted to hold up a filling station near Springfield just before coming to Cedarville, the night the Richards Druggists was visited.

BIGGEST ELECTRIC SIGN

Chicago's new union station has the largest illuminated electric sign in the world. The sign cost \$25,000 and is 253 feet long and 25 feet high. It has two rows of letters, one of the station and the names of the railroads entering it on the other.

Handkerchiefs, plain or fancy, silk and wool mufflers, silk ties, silk and wool coats, gloves, hats, bath robes, pajamas, any other things are what the men folks would appreciate. You should investigate our line before making a purchase. C. A. Kelble's Big Clothing and Shoe Store, 17-19 W. Main, Xenia.

Damage Suit Against Ohio Fuel Gas Co.

Mrs. Annie Little, Xenia, has instituted suit in Common Pleas Court against The Ohio Fuel and Gas Co., asking \$75,000 damages for the death of her husband, Howard Little, who died as the result of burns in an explosion of gas in the office of the Carroll-Binder Co., Xenia, last June 30.

It is charged that the company laid a gas main over the basement of an abandoned building and that with the travel over the filled place to the gas station by automobiles and trucks had resulted in breaking the main near the building which allowed the gas to fill the office. Mr. Little had gone into the rear office to change his clothing after spending some time at golf.

Charles Darlington is attorney for Mrs. Darlington.

WALTER ROTROFF'S MOTHER DIED FRIDAY AFTERNOON

Mrs. Susan Rotroff, 77, died at the home of her daughter, Mrs. Truman Hiatt, near Luncheon, Friday afternoon at 1:30 o'clock from a two-week illness from paralysis. The funeral was held Monday afternoon at 1:30 from the Hiatt home with the Rev. B. E. Wright, in charge. Interment took place at Port William. The deceased is survived by five daughters, one son; Mrs. E. A. Sodders, of Springfield; Mrs. B. J. Mellon, Duro, Ill.; Mrs. Anna Diven, Dayton; Mrs. H. C. Kane, North Verone, Ind.; and Mrs. Hiatt, one brother, Walter Rotroff of Cedarville. Three half brothers also survive: W. F. Hopkins, Columbus; James Hopkins, Xenia; and John Hopkins, Bloomington, and a half sister, Mrs. Ella Everheart, Xenia.

Nine Cars Wrecked; Broken Flange Cause

The Pennsylvania Railroad suffered a big monetary loss last Friday night about seven o'clock when nine freight cars piled up in a mass of wreckage at point east of the Abel Magnesia Company plant. The freight was on the east bound track and traveling at good speed when it is supposed a flange on a wheel gave way and sent nine cars in a heap.

Wrecking crews from Cincinnati and Columbus were called out with a large number of men and equipment to clean up the wreckage.

The west bound track was not damaged much and when the big power lifts were put to work at the track was soon cleared. Men worked all night to clear up the wreck and by noon the following day the track was replaced and every vestige of the wreck removed.

Several of the railroad executives in Cincinnati, Columbus and Xenia, were on the ground directing the work.

Just ahead of the wrecked cars were several cars loaded with cattle but they escaped injury.

Many people were attracted to the scene and remained late into the night to witness the work.

AS TO TAX COLLECTION

County Treasurer Frank A. Jackson has issued notice that on account of the re-appraisal in the county and the delay in making up the tax duplicates, from which the tax receipts are written, there will be no taxes collected before January 10, 1927.

Twins Born Tuesday To Mr. and Mrs. Bear

Mr. and Mrs. Polar Bear, Cincinnati, announce the birth of a pair of twins. The little fellows arrived with the coldest day so far this year, Wednesday. "Papa" Polar Bear weighs 1,000 pounds yet the babies were only about the size of squirrels and had no covering other than a few tiny white hairs. The infants are normal and are doing nicely according to the Zoo officials.

FACE CUT IN FALL

Ell Conner, prominent Ross township farmer, fell Wednesday afternoon while chasing a hog on his farm. He sustained a cut on his nose from bridge to tip and his lip was split in the fall.

For the ladies, misses, children and boys, we have a wonderful line of the most desired Christmas gift—slippers of all kinds. Priced from 60c to \$2.50. C. A. Kelble 17-19 W. Main, Xenia.

Mr. Charles F. Marshall has gone to Florida, where he will spend the winter.

A Sheep Tined Coat or vest would please any man or boy. It would be a gift that any one would appreciate. We have them to fit the moderate and heavy weights. Give noticeable gifts to members of your family. 17-19 W. Main, Xenia, C. A. Kelble.

Wanted: Raw furs caught in this vicinity. Highest market prices if delivered at Shell Gasoline Station. Martin Weinman.

F. B. Turnbull Ships Cattle To Maine

Mr. F. B. Turnbull shipped a car of fine Angus cattle Saturday to the state of Maine to Mr. Parkhurst, a wealthy grower of seed potatoes. In the car of twenty head were eight head that Mr. Turnbull had purchased for Mr. Parkhurst at the Chicago Live Stock Show. Mr. Turnbull's part of the shipment consisted of 25 head of cattle.

represented quite an investment and speaks well for Mr. Turnbull, not only as a breeder of good Angus cattle but as a purchaser in going into the market to purchase for a distant buyer.

CHAMPAIGN CO. VALUES FIXED

The State Tax Commission has approved the re-appraisal of real estate in Champaign county where the duplicate was increased. The average value per acre of farm land was \$68.20. Most farm land remained the same or was reduced while the town were all increased.

Sheep claims allowed by County Commissioners Monday amounted to \$2,635.20. The amount covered 69 claims for sheep losses.

Low Per Capita Cost Always Vital Consideration In Treating Insanity

This is the fourth of a series of articles that will appear each week in this newspaper dealing with Ohio's problem of increasing insanity. These articles are sponsored by the Ohio Association for the Welfare of the Mentally Sick, which has but one objective, namely, more scientific and more humane treatment of mentally sick patients in state hospitals and the rapid rehabilitation of these unfortunate.

Following the great work and spiritual leadership of Dorothy Lynn Day, the various states began to provide suitable refuge for the insane, then confined in county jails and almshouses.

In their construction program, they built for durability. The walls of some of the older institutions are from two to three feet thick. Some of these institutions contained only from 50 to 100 patients at first. They were added to from time to time as the resident population became greater.

THE PROBLEM OF PERSONAL

Next came the problem of personal. In a vast majority of cases a physician was made superintendent, but in some instances a layman was in charge. The superintendent generally was provided with assistant physicians, depending upon the number of patients cared for. The superintendent's duties were largely executive, as he was held responsible for the whole plant, as is our present day cartoon.

On each ward, wherein patients were confined, they had a certain number of guards, whose training along nursing lines was usually quite meagre. The general plan of operation of the whole institution was copied from the institution which these patients had left—the rail and the county poor farm.

KEEPING DOWN THE COSTS
From the very beginning a low per capita cost price was a matter of vital consideration. The institution was merely a place where these patients could be confined for the remainder of their lives.

Physicians of 30 years ago, tell us that when they served in state asylums, they never heard of a patient going home.

Each institution had an appointed board of trustees who assisted the superintendent in getting such funds as were necessary from the management of the institution from the legislature.

In Ohio, from this rather meagre beginning, we have slowly but surely had more buildings constructed and have taken on more personnel until we reached our present stage. There have been certain changes in the management of our institutions. In 1911 the various boards of local managers and trustees were discontinued and a central board of administration established. Again in 1924 the central board of administration was abolished and a director of public welfare appointed.

BETTER TREATMENT
In a medical way, there has been some very marked improvement in the treatment of patients in the last 25 years. More patients are permitted to go home on trial visits, when their mental condition has again approached normal. This practice, however, did not make any great headway until the last few years, when overcrowded conditions made it imperative that more patients be sent home.

The general tendency of the management of our state hospitals has not varied much in the last 25 years. We still have a superintendent who is responsible not only for the medical but also for the general management of the institution which these patients had left—the rail and the county poor farm.

Baby Chick Fakers Under Serious Charge

Karl R. Dobb, Xenia, has received word from J. P. Johnson, Atlanta, Georgia, inspector, that the Fulghum Hatchery, Girard, O., is not a responsible firm and that three Atlanta men have been arrested for using the mails to defraud. The International Baby Chick Association was interested in the probe because prices are said to have been quoted far below what good stock could be produced.

Mr. Leland Cramer, of the Xenia Hatcheries Co. first reported the matter to his association.

D. W. Nichols and two other men are named to have operated under the names of the Red Hatchery, the Dixie Hatchery, Fulghum Hatchery, Nicholas Farms, American Hatchery, Easy Eye Apiary and other names.

AUDITOR MAILED OUT NOTICES ON PROPERTY VALUATIONS

County Auditor R. O. Wend has mailed out ten thousand notices to the realty owners of Greene county, giving the new property valuations as approved by the State Tax Commission. There have been increases in the village that will increase the duplicate about \$100,000. In most instances the increases have been small.

The original valuation was made by W. J. Tarbox, J. E. Hastings and M. W. Collins in the villages and J. C. Townsley, A. H. Creswell and A. G. Collins in the township. From all reports we gather people generally have little or no complaint to make. As is usually the case few property owners would sell their property for the valuation placed on it for taxation.

Selma Man Died After Long Illness

J. A. Conklin, 74, formerly a resident of this county, died Sunday, at his home in Selma, from heart trouble. He is survived by two brothers, Arthur Conklin, Dayton, and Roscoe Conklin, Dayton, with a sister, Mrs. Stella Day of Xenia.

The funeral was held from the chapel at Woodland cemetery, Xenia, Tuesday afternoon.

COMMISSIONERS ASK FOR ANOTHER TRANSFER FUNDS

The County Commissioners have applied to the Common Pleas Court for another transfer of funds to meet obligations. They seek transfer of \$3,378.12 from the general to the infirmity fund and \$987 from the general to the children's home fund. The court a few weeks ago granted transfers to these same funds for meeting obligations of the two institutions.

SHEEP CLAIMS ALLOWED

Sheep claims allowed by County Commissioners Monday amounted to \$2,635.20. The amount covered 69 claims for sheep losses.

Farm Bureau Meeting Held Wednesday

The Cedarville Township Farm Bureau met Wednesday evening at the school house for the annual meeting and to enjoy a dinner provided by the ladies. While the cold weather kept a number away more than 80 were present to hear reports of the organization and what various clubs have been doing. Especially interesting was the report of Miss Edith Wigal, who won a trip to Columbus.

County Agent Kimber was present and gave a talk on the work of the year coming.

The public school had a part in the program. Music was furnished by the school orchestra. Readings were given by Margaret McMillan and Miss Dorothy Anderson and a solo by Miss Mills. The following officers were chosen: President: Meryl Stormont. Vice President: Harvey Bailey. Secretary: Roger Collins.

The organization voted \$10 to the public schools to be used as Prof. Oakley found need for.

Hog Cholera Over State Suppressed

Hog cholera is subsiding according to reports from the state department. For several months Ohio along with other states has been fighting this plague that has cost farmers many hundreds of thousands of dollars. As a result feeder hogs are being shipped into the state in great numbers. The low price offered for corn offers the farmer but one alternative, and that is to feed his corn.

THAD BROWN RECOMMENDS SHORT BALLOT FOR ELECTIONS

According to Secretary of State Thad H. Brown, the joint legislative committee of which he is chairman, will recommend to the legislature that Ohio adopt the short ballot and use voting machines. It is planned to elect the governor, lieutenant governor, and auditor for four year terms and make all other state offices appointive. The governor and lieutenant governor are now only two year terms while the auditor is four at this time.

BIG FARM DEAL THAT WILL REACH HALF MILLION

Charles A. Taber, formerly of Winchester, Ky., becomes the owner of 744 acres of fine farm land in Ross township owned by Joseph and Henry Pitstick. By the terms of the deal Taber trades 215 acres of land in Butler county four miles south of Hamilton, and a money consideration. The total acreage involved amounted to 1,059 and the trade is one of the largest in the county. The Pitstick brothers are big farmers coming here from Indiana about twelve years ago.

Another brother, John Pitstick, also resides near his land and was not in the transaction. Possession will be given next March. T. C. Long, Xenia, made the trade.

Urbana Defeated By Both Local Teams

Urbana witnessed one of the fastest games of basket ball last Saturday night that was ever staged in that city, when the quintet from Cedarville college defeated Urbana Junior college five, 24 to 22.

To the first half Cedarville played the Urbana a tight game but kept in advance on the score, ending 14 to 13. During the second half Urbana was in the lead a good part of the time but the extra time to complete the play allowed Cedarville to win the game by a score of 24 to 22.

Wilson of the Juniors featured by scoring all but two points that went to Urbana. Two minutes before the half ended McLean shot a field goal which placed his team in the lead.

In the third period Urbana took the lead. McLean again scored with a 23-22. The McLean goal just as the whistle was to be sounded gave Doris's Yellow Jackets the victory.

CHRISTMAS CHURCH MUSIC

All three churches will have special programs of Christmas music Sabbath. The United Presbyterian choir will render the Christmas Cantata—"The Moon of Glory" by Peca, at the regular hour of morning worship, 10:30 A. M. The cantata will be given under the direction of Prof. J. A. Falcott.

The M. E. Choir will render "Gloria of the Holy Night" at 4 P. M. under the direction of Miss Lucile Johnson. There will also be a special program for Sunday School that will be merged with the regular morning service.

The First Presbyterian church will have a special program of Christmas music Sabbath evening at 7:30 P. M. in place of the regular Union Service.

The public is invited to attend these programs and bring their friends. Special preparation has been made by the various organizations which will insure good programs.

For Sale: 40 White Leghorn hens, 2-68, 12 Minorcas. Mrs. C. H. Grouse, dates. (41p)

MOST TAX RATES HAVE BEEN LOWERED

County Auditor R. O. Wend announces that the 1926 tax rates have been approved by the State Tax Commission for the 54 taxing districts in Greene county. Inmost instances the rates are lower than last year and this will be welcome news to property owners following the increase in tax valuations.

The notices for property valuations are being prepared and will be mailed this week. More than 10,000 notices must be filled out and mailed. Osborn has a tax rate of \$24.50 in the village and is the highest in the county. Xenia City is next highest with \$22.50.

The following table gives a comparison of the new and old rates in each taxing district in the county:

CHRISTMAS AND THE HOME

The Christmas season is the time of
year when the home exerts the great-
est appeal. There is a world of senti-
ment in the line "There is no place
like home."

Memory clings fondly about the
home of our childhood and our great-
est effort in life is directed toward the
keeping of the home. All through life
the home is the biggest and best part
of us.

Your home may be a shack in the
north woods or a mansion by the side
of the southern sea. You may be an
old bachelor with an apartment or
the father of a dozen children, living
in a mortgaged home. It makes no
difference. That place in which you
rest and for which you work, is home.

In the making of a home the home
makers are trained in the finest things
of life. It is the sacrifice, the service
given for others, the grim responsi-
bility that rests on one that makes
much for the characters of men and
women. Our service for others is
what brings real joy into our lives.

It is not to be doubted that all over
our country, on every farm, in every
village and city, the majority of our
homes are good. But when we read
that in the last ten years juvenile de-
linquency has increased 100 per cent,
and that 75 per cent of that delin-
quency is due to bad home life, we
may be pardoned for seeing a little
alarmed. These boys and girls do not
come from the slums alone. They
come from homes where father and
mother have been too much engrossed
in other things to discipline them-
selves and their children.

WHAT AUTOS PRODUCE

The report of Secretary of State
Thad H. Brown, who retires January
next, shows what enormous amount
of money is turned over to the state
each year from the sale of automobile
license tags. During his term of office
in three years and eleven months he
has collected and turned over to the
state treasury \$44,728,960.68. He has
also turned over to the state treasury

from 2.5 per cent in 1923 to 3.3 in
1925, with a strong probability that
when the year 1926 is closed there
will still be a reduction shown.

The automobile and truck have been
a profitable field for tax gathering in
Ohio. The thousands of automobiles
are listed for personal property tax
which produced many millions for the
different taxing districts. Added to
this is the tax on gasoline of two
cents per gallon which brings the
state, counties and municipalities an-
other million a month throughout the
year. When one purchases a new au-
tomobile your Uncle Sam collects
a federal tax depending on the selling
price of a car, and this brings the
Federal government many millions of
dollars.

The cost of upkeep on automobiles
and the different taxes levied are now
the subject of discussion whenever
taxation is mentioned. It is not going
to be as popular from now on for the
placing of additional tax, direct or in-
direct on the automobile owner. There
was a time when the public did not
pay much attention to what taxes cost
but economic conditions are not what
they were five years ago and every-
one is forced to cut his cloth accord-
ing to his yardage—and lack of funds
for a retrenchment. When everyone
seems to have plenty of spending
money, there are few that stop to
consider taxes. Times are different
at present and more people are con-
sidering the tax question.

THE FARMERS TUNE IN

For the farmers radio ceased to be
a novelty and has become an im-
portant utility. Today the world's largest
user of radio for information pur-
poses is the United States Department
of Agriculture. Daily it broadcasts
from 100 stations its educational pro-
grams lasting for a half hour or more.
In addition at broadcast markets
news service and weather forecasts.

Secretary Jardine says a potential
million farmers are being reached
daily by the department's educational
programs. Within a few years, Sec-
retary Jardine adds, it will be possible
to have the attentive ear of almost
every farmer in the United States.

Regular and careful guidance by
radio can place agriculture in a strong
and secure position. A lack of unity in
thought and action has worked to re-
tard agriculture. Radio can serve to
bind the farmers into a strong unit.
Secretary Jardine declares this
wonderful process is going on today. He
points out that day by day each far-
mer and each group receives the same
counsel. Gradually, all agricultural
interests can be expected to share
more equally correct knowledge of
production and marketing principles,
thus mobilizing their strength.
The possibilities for constructive

organization and concerted action
were never so good before the advent
of the radio.

ANOTHER TAX RAID

Now that the stockholders over all the
sponders at the state capital are be-
ginning to admit that they are at the
end of their financial string. They
want at least eight or ten million of
extra revenue every year to stop the
leak that are appearing in the state
treasury and to finance swollen bud-
gets. They hand out the old book of
how lightly the people of Ohio are
taxed in contrast with those of other
states, and then suggest convenient
methods of how this pretended benefit
may be avoided. One going wants to
restore the direct state tax levy, to
raise at least \$9,000,000 a year. An-
other wants to give the gas tax lever
another twist. Others suggest an in-
crease of the tax on corporations,
and yet others a state income tax. The
people may depend upon it that they
will be soaked good and hard. For not
one patriot of all the squander crowd
rises to suggest that it might be a
good idea to cut the cost of govern-
ment.—Springfield Sun.

CHRISTMAS GREETINGS

Last Year we thought we had the largest and best Santa Claus store we
had ever had. This year we know it is still larger, showing a wider, more
varied assortment than ever before. We have a veritable Toy Town, and
have issued an eight page catalogue showing the offerings of our Santa
Claus Gift Shop.

YOUR CHRISTMAS GIFT

That problem can be solved in our
Gift Display. Variety radiates from
all departments. Our Toy Town has
many Sleds, Wagons, Chairs, Baby
Buggies, Dolls and dozens of various
toys.

Should you desire to make it a Ra-
dio Christmas, we have unquestion-
ably the Best Radio store in the
County. We feature Atwater Kent,
Radiola and Magnavox.

If something in wearing apparel is
the Gift you wish to make, numerous
items are on display. Other items
that suggest an appropriate gift are
Leather Goods, Fancy Glassware,
China, Cosmetics, Books and
Novelties.

In Stationery, an extremely select
stock offers an ideal Gift. In Novel-
ties our large varied stock can save
the expense of a trip to the city. Re-
member, our Toy Town comprises
the largest most varied stock ever
shown in Cedarville.

We wish you all a Merry Christmas.

Lesson for December 19

SAMUEL, THE JUST JUDGE

LESSON TEXT—1 Sam. 9:1-17, 20:1-
22

GOLDEN TEXT—Prepare your heart
unto the Lord and serve Him only.
PRIMARY TOPIC—God Hates the
People at Mizpah.

JUNIOR TOPIC—The Victory at Miz-
pah.

**INTERMEDIATE AND SENIOR TOP-
IC—**What Samuel Did for His People
**YOUNG PEOPLE AND ADULT TOP-
IC—**How the Lord Helps.

**I. Samuel Called the People to For-
sake Their Idols (7:1-6).**

Under the administration of Eli, the
nation rapidly deteriorated. For their
sins, God permitted the nation to be
bitterly oppressed by the Philistines.
Samuel promised them deliverance on
the condition of repentance.

**II. Samuel Prayed for the People
(7:7-14).**

Moved by fear of the Philistines the
people besought Samuel to cry unto
God for them. In response to his
prayer God miraculously delivered
them from the Philistines.

**III. Samuel Judging Israel (7:15-
17).**

Bethel, Gilgal, Mizpah and Ramah
were his circuits, to each of which he
made annual visits. These centers
were for the accommodation of the
people.

**IV. Samuel's Farewell Address
(12:1-25).**

When Saul, the new king, was
crowned, Samuel turned over to him
his authority, and gracefully retired.
1. Samuel's challenge to the people
(vv. 1-3).

(1) A reminder of the way the king
had been given (v. 1).

He showed that they were directly
responsible for the change in govern-
ment. Though keenly feeling the re-
flection upon himself, and their in-
gratitude to God in their demand for
a king, he had not resisted their wish.

(2) Review of his own adminis-
tration (vv. 2, 3).

a. Walk from childhood (v. 2). Sam-
uel's was a remarkable life; from
childhood to old age he had lived an
upright and pure life.

b. Career as judge and ruler (v. 3).
He boldly challenged them to show
where and how he had ever oppressed
anyone.

(3) The vote of confidence by the
people (vv. 4, 5).

It was Samuel's right as he laid
down the reins of government to have
his record vindicated and to have his
integrity established beyond a doubt,
so that no evil-minded man should
ever be able to cast reproach upon
him.

**2. Samuel reviews God's dealing
from the time of Moses (vv. 6-15).**

He reasoned with them concerning
the good hand of the Lord upon them
from the time of Moses. Though they
with ingratitude turned from the
Lord and demanded a king-like the
other nations, He had acceded to their
request and set a king over them.

(1) National prosperity conditioned
by obedience (v. 14).

Though they had displeased God
in choosing a king, if they would fear
the Lord and render obedience, na-
tional prosperity would still be theirs.

(2) Disobedience to God meant the
nation's ruin (v. 15).

It is folly to ask God's blessing upon
a nation while it is living in rebellion
against Him.

**3. Samuel's own vindication (vv.
16-19).**

This was such a critical hour in
the history of the nation that Samuel
sought to indelibly impress its mean-
ing on their hearts. This he did by
means of the thunder and rain out
of season. Harvest time was not the
season for thunder and rain, so when
it came at the call of Samuel, the peo-
ple were frightened. They saw it as
an example of God's mighty power,
which if directed against them, would
destroy them in an instant.

**4. Samuel's gracious response (vv.
20-23).**

(1) "Fear not—serve the Lord with
all your heart" (vv. 20-21).

Samuel did not minimize their sin
but assured them that if they would
serve the Lord wholeheartedly He
would not forsake them. The ground
of their hope was the faithfulness of
God in keeping His covenant.

(2) "God forbid that I should be
against the Lord in ceasing to pray
for you" (v. 22).

The people had rejected Samuel,
yet he had such magnanimity of soul
that he did not allow their ingrati-
tude to cause him to cease his interces-
sion for them. He assured them that
in spite of their sin their one concern
should be to fear the Lord and serve
Him wholeheartedly.

Pleasure
The pastor says: To expect ade-
quate refreshment for the human
spirit from mere pleasure is like gath-
ering dewdrops and blowing upon
them to keep them moist.—John An-
drew Holmes.

Repentance
Repentance is a hearty sorrow for
our past misdeeds, and a sincere res-
olution and endeavor, to the utmost
of our power to conform our actions to
the law of God.

Amusing School Bags

Coarse canvas, in two colors, or
some other fabric that is sturdy and
has sufficient body, as denim or jeans,
is required to make this school bag.
This particular bag, designed for the
small beginner on the road to learning,
is decorated with the beloved three
suns who once upon a time went
out to walk. They are cut from black
silcloth and their features and other
details are sketched in with white
paint. The figures are attached to the
background along the edge but the top
of each figure's head is left free so
that he serves to carry pencils. Baby
bear's wagon is a little coin purse and
fastens down with a snap fastener.
Handles may be made of folds of the
silcloth or of heavy braid.

**Spring Coats Varied
by Flare and Fur**

Spring coats, of smooth faced
cloths, are distinguished by simplicity
of line, intricate cut and small col-
ors of summer furs. The handsome
example pictured has the fashionable
side flare below the hips.

Witches' Meeting Place.
Brocken, the traditional meeting
place of the witches on Walpurgis
night, April 30, is in the Harz moun-
tains in the province of Saxony, and
is the highest peak in northern Ger-
many. Its height is 3,745 feet.

Guide the Child
The child is constantly forming
habits; the parent can, to a large ex-
tent, guide him in forming those
which will help him rather than hin-
der him in his school life and in his
other relations outside the home—
Children.

Origin of "Doughface"

The word "doughface" applied to
stupid and yielding persons, was
coined by John Randolph of Roanoke.
Randolph applied the term to north-
ern politicians who truckled to the
slave-power. He branded the Mis-
souri compromise as "a dirty bargain,
helped on by 18 northern doughfaces."
One authority suggests that possibly
Randolph was improperly quoted, and
that what he really meant was "doo-
ghs."

The End of the Sea

If the supply of heat from the sun
becomes in the course of ages less and
less, the earth will become cold like
the moon, and colder. The sea will be-
come as hard as rock, frozen from
top to bottom. Unless, of course,
something unforeseen happens.

Enter to Operate

It is paradoxical, but true, that as
radio sets get more complex, delicate
and precise, they are more easily op-
erated. It took an engineer to run the
early sets.—David Saypol in the Sat-
urday Evening Post.

Monarch of Gems

Fred Wells, manager of Premier
Mines No. 4, near Trezona, South Af-
rica, one day in January, 1908, while
on a stroll of inspection found what
is known as the Cullinan diamond.
It weighed 3,042 carats—1 1/4 pounds
avoirdupois.

Cod Supply Still Strong

The total annual catch of cod on
the Grand banks off Newfoundland
amounts to over 200,000,000 lbs., and
this steady trade has continued for
hundreds of years, yet the supply
shows no sign of diminishing.

To Give at Christmas Think of Christmas

Remember to think of Christmas gifts for the people who are nearest and dearest to you. Don't forget the people who are farthest from you.

When you are giving to those who are nearest to you, you have to be sure that the gift is something that they will really appreciate. It is not enough to give something that is just a passing fancy.

Sometimes people can give so that all the time they are giving the gift is a reminder of their own feeling of having been remembered. Sometimes such a gift is the best of all. It is the gift that is given with a heart that is full of love and a mind that is full of thought.

There is Christmas generosity and Christmas charity.

The City of Bees
In Holland the story of the city of Bees is told every Christmas. This wonderful place was famous for its wisdom and its industry. One day the whole city was awakened up by the noise of the bees. It was the sound of the bees that were coming out of their hives. The bees were coming out to tell the people of the city that it was time to get ready for Christmas.

Christmas Eve
Christmas Eve refers to the evening of December 24. The word "eve" is general means the evening before. The Jewish mode of reckoning the day begins at sunset.

All the World
Dependence is a virtue. And what is it that we depend on? We depend on the things that are around us. We depend on the people that are around us. We depend on the things that are in the world.

Memorials
They have set up in the markets places the statues of notable men, and of such as have been great and good. These statues are called memorials. They are set up to remind us of the good deeds that these men have done. They are set up to remind us of the good things that these men have done for the world.

Nicknames of States
The nicknames of some of the states are: Arizona, "Baby"; Illinois, "Hockey"; Kentucky, "Dark and Bloody Ground"; Montana, "Stub Toes"; Oklahoma, "Sooner"; Texas, "The Lone Star State"; Virginia, "Mother"; Missouri, "Show Me"; Idaho, "Gem".

Polish and Craft Toys

She who is ingenious with pen and needle can make many amusing Christmas gifts, including toys that are more highly valued than those that are bought. Turkish traveling, unbleached domestics, bits of colored flannel and felt, with a little red sweater colors, are mainly the stock in trade of the toy maker. Here is a little chick made of Turkish toweling and wearing a red flannel cap. A shoe button makes his eye; a bit of domestic his yellow bill; his legs are whittled from wood and his body stuffed with cotton.

Indoor Plants

From old and cultured China came the little "jade tree" which is so much admired everywhere. It has been imitated in many ways and has quaint, stiff flowers fashionable for decorative purposes. These are made in several ways: some of translucent shells, tinted in colors; others of ordinary fabric flowers dipped in clear shellac, and others of crepe paper, heavily painted with sealing wax paint, as in the tree pictured. Thread wire is used to support the edges of the petals and leaves and heavier wire wound with strips of paper for the stems. A small goldfish holds the tree, which makes a lovely gift.

Chinese Burn Gold Leaf
Chinese are estimated to destroy ten million dollars' worth of gold yearly by their custom of burning small pieces of gold leaf on certain special anniversaries.

The basketball games between the College teams and Bliss Business College, Springfield, Wednesday night at the Alford Gym, were won by the local teams. Coach Borst put in his junior team to start with and allowed the Springfield team of boys to run up a score that put the visitors in the lead the first half. When the regular team went in the score began to go up and the game ended 35 to 24 for the home boys. The local girls' team had an easy victory of 22 to 6. The boys' team goes to Bluffton for a game on the 21st.

Mrs. Clara Shull Koontz, formerly of this place, died at the Miami Valley hospital, Dayton, Tuesday morning. She had been ill for several months. The deceased was the daughter of Mr. and Mrs. James Shull and was reared in Cedarville. She graduated from the high school and also attended Cedarville College. Mrs. Koontz was the "mother" of Pride of Xenia Council, No. 140, Daughters of America, having instituted that council a number of years ago. Besides her husband she leaves one daughter, Mrs. Florence Thornhill, and Harold and Russell Koontz, all of Dayton. The following brothers and sisters survive: Mrs. W. C. Harner, Xenia; Harry Shull, Cedarville; Mrs. Anna Grothjan, and George Shull, Dayton. The funeral was held Thursday in Dayton.

Christmas business this year has exceeded former years by many millions of dollars according to reports of the Ohio Retail Merchants Association. It is estimated that more than \$200,000,000 will be invested in this state alone for Christmas purchases. December business usually is a good index of the prosperity of the people in most any section. Such reports show gratifying results for Ohio. It is presumed that other states, particularly those in the east, will even show larger gains. The middle west may not do so well.

CEDARVILLE HIGH BOYS ONE AND LOST ONE GAME

Cedarville High boys defeated the Caesar Creek high boys in a game of basketball last Friday night on the floor of the latter. The score was 18 to 12.

In the game between the girls the Caesar Creek team defeated the local team by a score of 12 to 8.

Both contests proved interesting in the first meet these teams have had this year.

FAIR BOARDS MEET

The representatives of the fair boards of South-West Ohio met in Dayton Tuesday to consider business relative to fair management. One of the subjects for discussion was the request of the legislature for additional funds to support the fairs. It is said that many county fairs in the state are hard pressed for funds to meet expenses.

Look up Kelle's ad in this issue. It will guide you in making your Christmas selections.

MADISON COUNTY WILL NOT PAY SHEEP CLAIMS IN FULL

Sheep owners in Madison county will not be paid in full for losses in the past. Only 50 per cent of the claim can be paid in that funds are not available. The losses are the largest this year in the history of the county.

For Sale: Beautiful Mahogany Photograph and record. Good as new. Very cheap payment. Address Phonograph, Box 222, Dayton, O.
